

Protect Your Firearm Rights With the Gun Owner Supplement

When you sign up for a personal legal plan from LegalShield, you get comprehensive help for nearly every legal situation—but gun ownership presents unique challenges.

If you own different types of guns, we strongly recommend adding LegalShield's Gun Owners Supplement to your personal legal plan to protect yourself and your family.

Advice and Consultation

Millions of Americans find sport shooting and hunting to be enjoyable and safe activities.

However, accidental discharges that cause property damage or physical injury can turn your fun into a nightmare quickly. When the dust settles, having the ability to contact your lawyer to get sound legal advice can be a true lifesaver.

On such topics as:

- Gun owner rights
- Carry and license requirements
- Advice on where carrying your concealed firearm is allowed
- Advice on where carrying your firearm is openly allowed
- Recent changes in gun laws

Emergency Access for a Firearm Incident

Many who are covered by LegalShield own firearms to protect their family from home invaders. Gun purchases for self defense have skyrocketed during the coronavirus pandemic.

If you have to fire your gun in self defense, you will be investigated. You can even be sued by your attacker. Gun ownership can quickly thrust you into a legal firestorm.

LegalShield's Gun Owners Supplement allows you to rest easy knowing that you have 24/7 access to a lawyer that can guide you and ensure your rights are protected.

25% Discount

As a member, you are entitled to a 25% discount off the provider lawyer's standard hourly rate for additional trial defense services and/or grand jury investigations, related to a covered firearm incident.

NFA Gun Trust Services

Downloading a generic NFA Gun Trust from the internet is risky. Many online forms have been deemed invalid by courts. To make sure your trust meets all relevant legal requirements, you should have a lawyer create the document the right way. Our Gun Owners Supplement includes one NFA Gun Trust prepared by an experienced lawyer for a flat fee of \$250.

If you own National Firearms Act (NFA) Firearms, you should have an NFA Gun Trust.

An NFA Gun Trust has three main benefits:

1. Eliminates the need for Chief Law Enforcement Officer (CLEO) approval to own a Title II firearm
2. Eliminates the need for fingerprints or photographs to be on file
3. You can include additional members in the trust so they can legally use the regulated firearm

Trial Defense for Gun Related Matters

If you own a gun, there is a real chance you or a family member could find themselves in court down the road due to a firearm-related incident.

If you have our Gun Owners Supplement and you find yourself in a covered criminal or civil lawsuit, your lawyer will defend you at trial. Supplement benefits include 60 total hours for trial defense, consisting of 20 pretrial hours and 40 hours at trial.

For just a few extra dollars a month, you can rest easy knowing that you have the legal protection you need. If you try to hire a lawyer after the fact, you'll pay many thousands of dollars for trial defense. Make the smart move and get affordable protection in place now.
